

Copernican Media is a film production company that creates beautiful and entertaining commercials, documentaries, and explainer videos for world-changing brands.

Location: In-person (not remote) at our office in Hillsdale, MI. Flexible schedules and relocation assistance are available.

Position Summary:

As an animator and editor, you will be working closely with the director to make beautiful things in post-production. For animation projects, you will be designing 2D, 2.5D, and even some 3D animations in After Effects with an eye toward clean and elegant design. For live-action project, you will be editing videos that have a compelling beginning, a meaningful middle, and a satisfying ending. To be excellent in this role, you should develop an intuitive sense of aesthetics and design while also understanding the technical aspects of the workflow.

What winning looks like:

- Knows our editing software (DaVinci Resolve, Premiere, and After Effects) inside and out
- Has a collaborative, cheerful spirit
- Anticipates problems before they arise, and acts quickly to solve them when they do
- Has an eye for beauty and is always chasing creative excellence
- Capable of editing a good story and delivering on deadlines
- Able to assist where needed on-set

Skills needed to win:

- At least one year of experience in video production
- After Effects or design experience
- Knowledge of non-linear editing workflows (Premiere or Resolve)

Heart needed to win:

- Love of producing excellent work—even if you fall short of your ideas
- Love of learning—both in technical skill and artistic taste
- Love of collaboration, honesty, and integrity

Compensation:

Anticipated salary range: \$55,000-\$75,000, depending on experience.

Copernican Media exists to tell stories that are good, true, and beautiful. We also exist to love our neighbors and our team. If you want to make beautiful things, join us!
